

50
YEARS OF
EXCLUSIVE
COMFORT

IT'S TIME FOR

Stressless®

Stressless

A scenic landscape of a fjord in Norway. The foreground shows the calm water of the fjord, reflecting the sky. In the middle ground, a small town is nestled at the base of the mountains. The background features tall, rugged mountains under a cloudy sky. The overall mood is serene and majestic.

50 years of Exclusive Comfort

On the west coast of Norway you'll find the community of Sykkylven, nestled between tall mountains and deep fjords. It is here you'll find Ekornes - proudly making the world's most comfortable chair for five generations

In 1971, a revolutionary recliner was introduced and set a new standard in comfort and functionality. Stressless® was designed to offer maximum well-being and precious me-time in a busy, modern world. And with equal parts inspiration from nature and the region's tradition of skilled craftsmen, Stressless® got off to a flying start. 50 years later, Norway's largest furniture exporter is still located by the fjord and still offers you exclusive comfort, assembled by hand.

50 years of Craftsmanship

This is the story of how skilled craftsmanship passed down through generations, works in perfect harmony with advanced technology.

Crafting furniture is wound deeply into our Nordic roots and tells the story of who we are. It is a craftsmanship perfected by our families over time. We cherish its impact on our heritage and lift it up with pride. Fine furniture is an art passed down from generation to generation with a rich history of trials and tribulations. After all, designing the most comfortable seating in the world did not just happen overnight.

Comfort that lasts

At Stressless® we make quality products that will last you a lifetime. Our raw materials are selected with the utmost care and consideration to give the furniture endurance. Choosing a high-quality product extends its lifespan and lowers the environmental impact. With our focus on timeless pieces, we create Stressless® icons to last.

Why Stressless?

The design philosophy behind Stressless® rests on a number of basic principles and there are decades of studies of the human anatomy behind every single product. For Stressless®, it is crucial not to design objects, but rather experiences, and a key to achieving that is to start from the inside.

Our vision is to develop the most comfortable seating in the world. We create recliners, sofas, office and dining chairs that provide perfect support for the body's every movement.

Far west in our elongated country, you find a beautiful place surrounded by deep fjords and majestic mountains. These are the surroundings where we find the inspiration for our unique designs. In this village, the craftsmanship and passion for furniture has been passed through generations – all the way back to 1934.

5
YEAR GUARANTEE

We guarantee all electrical parts and motor on the Power™ system for a period of 5 years from the date of initial delivery to the consumer. The battery is not included in the 5-year guarantee.

2 YEAR GUARANTEE on Power Batteries.

10
YEAR GUARANTEE

10-year internal mechanism & construction guarantee

We guarantee the internal mechanism and construction of our recliners and sofas for a period of 10 years from the date of initial delivery to the consumer. The 10-year guarantee covers the mechanical functions in the recliner/sofa. The 10-year guarantee covers the internal framework of steel and/or wood, including the metal springs. The 10-year guarantee does not cover damage to leather, woodwork or any faults or damage caused by the use of the product other than in accordance with the manufacturer's recommendations, as well as any faults or damage arising from any repairs made by any persons not authorized by the manufacturer or use of non-original parts. Some natural settlement and indentation in the padding and foam is considered normal and is part of a break-in process.

Stressless® Mary Wood
Paloma Shadow Blue/Black

It's time to relax

When we relax, our heart rate slows. Tensions release and our blood pressure reduces. Relaxing also increases blood flow in the body, helping us to feel restored and energized. Making time to escape the stresses and strains of everyday life... to restore body and mind is key to improving our overall well-being.

Our experience in furniture making has taught us that comfort is highly personal. We have been perfecting comfort since 1934 and our recliners, sofas and dining chairs actively encourage you to sit down and relax in the most comfortable way possible.

50 years of me-time

Stressless® Mayfair (M) Cross
Paloma Shadow Blue/Wenge/polished metal

It's time to take our Comfort Test

Comfort is an individual experience personal to everyone. We encourage you to take our Stressless Comfort Test to find the size and model that fits you best. We guarantee this will be time well spent. After all, a Stressless® recliner is an investment you'll enjoy for many years to come.

- Does the recliner feel stable and safe?
- Are the height and width of the chair right for you?
- Do you find it easy to adjust the chair to your preferences?
- Does the chair provide good lumbar support in all positions?
- Is your head supported comfortably as you lie down to read or watch TV?
- Can you adjust the headrest so that it lays flat when you recline?
- Do you have the feeling that the seat back reclines sufficiently?
- Do you have a comfortable and relaxing angle on the leg support?
- Can you position the leg rest according to your preferences?
- Are you aware of how your entire body relaxes?

It's time to lean back

With its sleek and elegant design, Stressless® Scott blends perfectly with any interior. The back and seat are slightly curved, providing a soft comfortable place to relax. The adaptable neck support works for multiple users of varying heights. All comfort functions are motorised, synchronised and adjustable. Give your chair a personal touch by choosing between two different bases and from a range of leather or fabric qualities and colours.

It's time to put your feet up

Stressless® with Power™

Millions of people across the globe benefit everyday from our incredibly comfortable chairs. And now, we are delighted to offer our iconic recliners with new motorized patented systems. In perfect harmony with modern Scandinavian design, Stressless® with Power™ recliners offer enhanced motorized functionality whilst staying true to classic Stressless® design.

Stressless® with Power is a great alternative to a recliner and separate footstool, and is available in two systems:

Power Leg™ – the integrated footrest has a slim design, elegantly concealed beneath the seat. Provide support for your legs and extend the footrest outwards by lightly pushing a button under the armrest. The footrest is designed to follow the natural angle of your feet and can be adapted to different leg lengths, extending longer than most other footrests on the market. It is easy to get off the chair, even when the footrest is extended. The back of the recliner is not motorized and moves in harmony with your body when you lean backwards.

Power™ – this system comes with all the benefits of Power Leg™ plus the motorized reclining function of the backrest for ultimate ease and comfort. Use the set of buttons found under the armrest next to the footrest buttons. Battery option is also available with a magnetic charger attachment for easy access. Total comfort at the touch of a button.

Stressless® Reno (M) Classic Power™
Paloma New Cognac/Wenge

POWER™ AND POWER LEG™ This integrated footrest is a great alternative to a free-standing footstool. With a slim design – elegantly concealed beneath the seat, it can easily provide exceptional support for your legs by extending it outwards.

PLUS™ SYSTEM. Whether you are sitting or lying down, our unique Plus™ system provides optimal comfort and support for the lower back and head, in all positions. The lumbar support automatically adjusts as you recline. You can also choose between an active or rest position for the neck.

Stressless® Consul (M) Classic
Paloma Black/Black

Stressless® View (M) Classic
Paloma Fog/Oak

PLUS™ SYSTEM. Whether you are sitting or lying down, our unique Plus™ system provides optimal comfort and support for the lower back and head, in all positions. The lumbar support automatically adjusts as you recline. You can also choose between an active or rest position for the neck.

The individual footstool

Stressless® free-standing footstools will always be classic pieces of furniture and the perfect partner for our chairs and sofas. Since all Stressless® furniture is designed, engineered and handcrafted to exemplary mechanical precision, why would we make a stool that is any less advanced?

When you lean back in a recliner chair, your legs move forwards and down. Most traditional, flat footstools do not support this sitting position. Free-standing Stressless® footstools have a built-in sliding function that automatically follows the movement of your legs, giving you the freedom to move whilst staying completely supported and making the world's most comfortable recliner even better. What's more, in a locked position our footstools can be used as an extra seat.

Size matters

Style and comfort are individual. It's only natural, since we all come in different shapes and sizes.

With a large choice of bases, the varying designs and functionalities allow you to personalise your recliner. The majority of our recliner come in 3 sizes.

We have included a full overview of the many possibilities on the last pages of this catalogue.

RIGHT SIZE MATTERS. Optimal comfort is also about correct size. Most of our recliners therefore come in multiple sizes for you to find the perfect fit.

50 years of perfect balance

Stressless® Signature, Cross, Star and Original bases are unique. Incorporating our patented BalanceAdapt™ functionality for a feeling of complete comfort that you will not find with any other base. The innovative mechanism provides a gentle rocking motion, creating a feeling of weightlessness, and the ability to lie almost horizontally. Its stylish Scandinavian design adds a contemporary edge to the leather and fabric recliner range.

Celebrating our
iconic roots

Stressless® Tokyo Original
with adjustable headrest and footstool
Paloma Almond/Polished metal

Half a century of Stressless® comfort! What could be more fitting than a reintroduction of the distinctive design element from that very first Stressless® recliner. The unique and beautiful Original base is an ode to our beginnings, and so are the details of the elegantly curved steel structure on the chairs that are available with this base. The Original base gives Stressless® Metro, London and Tokyo an iconic retro look.

FIND YOUR BALANCE with BalanceAdapt™. Subtle rocking motions enhance the feeling of total balance. These fluid movements elevate the seating experience into something truly exceptional.

Stressless® Metro Star with adjustable headrest and footstool in Paloma Sparrow Blue/Polished metal

It's time to take a break

Higher or lower back, you decide. Stressless® Star Base recliners are available in two different back options. The high back model, perfect for precious moments of complete relaxation...or an adjustable model where a height-adjustable head rest is added to the high back model to extend the back up to 10cm. You can also include an optional integrated neck rest to this adjustable model, providing additional comfort in the form of an internal pillow that can be moved up and down to suit your individual support needs.

Stressless® Tokyo Star High back with footstool

FIND YOUR BALANCE with BalanceAdapt™. Subtle rocking motions enhance the feeling of total balance. These fluid movements elevate the seating experience into something truly exceptional.

Home office comforts

Whether it's a dedicated room, a small study space or a nook in the dining room, it's important to be comfortable when working at home. If you spend a lot of time seated working at a screen, then a well-designed chair that actively encourages a good posture is a necessity.

Our collection of home office chairs marries supreme comfort and style, blending effortlessly with the rest of your interior. Soft cushioning and sublime lower-back support mean you can sit for longer periods of time in complete comfort.

All our recliners can be used as office chairs. Stressless® Star Base models come in polished aluminum bases with adjustable or high back options. Stressless® Classic and Signature recliners come in a black base with wood details in a large range of colors.

PLUS™ SYSTEM. Whether you are sitting or lying down, our unique Plus™ system provides optimal comfort and support for the lower back and head in all positions. The lumbar support automatically adjusts as you recline. You can also choose between an active or rest position for the neck.

Comfortable & stylish study

The new collection of Stressless® Home Office chairs have a light and compact design that will blend with any style. A large choice of covers makes it easy to match with the rest of your interior and pair with our dining chairs in the exact same design.

The base is available in Polished metal or Matt Black finishes. All chairs with the castor base have swivel and height adjustment as standard.

100% Clean energy

We are from a beautiful place surrounded by majestic mountains, deep fjords and waterfalls all reminding us to protect this inspiring environment around us. 100% of the power supplied to our Stressless® factories in Norway come from hydropower; a renewable energy source generated by an endless water cycle. When you purchase Stressless® furniture, you are not only investing in your comfort but also making a sustainable and responsible choice.

SOFA

50 years of living

When choosing a new sofa, there are many things to consider. The best configuration for your living space. The material, colour and finishing touches to complement your interior. But great design is so much more than what meets the eye. Underneath the surface of a Stressless® sofa is where the real magic happens. We focus just as much on the functionality and comfort. How the sofa responds and adjusts to your body. How it supports you in every position. We have spent years perfecting our designs to bring you a sofa that your room will love, and your body and mind will thank for years to come.

Take your comfort to the next level

A sofa is many things. A place to read. A place to entertain family and friends. A place to close your eyes and enjoy a moment of calm. Our timeless designs suit all interior settings while clever built-in functionality offers unrivalled levels of comfort.

Stressless® BalanceAdapt™ system allows the sofa to respond to your natural movements, adjusting the seat as you move. Recline, lean forward, lie down or put your feet up and feel how the soft and generous seat adapts to your movements. When the occasion calls for just a regular sofa, simply lock the function to stop the seat from moving.

Two arm designs and side panels, corner, long seat and seat modules in different sizes are available and can be combined to create a sofa that is fully customised to your requirements. We recommend that you also accessorise with footstools and headrests for optimum comfort.

FIND YOUR BALANCE with BalanceAdapt™. Subtle rocking motions enhance the feeling of total balance. These movements usually make all the difference between a good seat and a fantastic one.

It's time for complete luxury

Sleek lines and a streamlined silhouette give Stressless® Emily a clean, modern look that will fit any home and style. The contemporary and modern design of the soft cushions invite you to sit down and totally relax.

With Stressless Power sofas you can easily adjust the seating position for complete relaxation. We offer a range of different designs and modules which make it simple to configure the perfect sofa for you and your home.

The ultimate Power sofa

Stressless® Emily has an adjustable headrest on all modules. You can lower it for a sleek low-back sofa with perfect back support for sitting – or adjust the angle and height of the headrest for extra support to your head and neck when you want complete relaxation. Put your feet up on the LongSeat module with adjustable headrest and leg support – or include the possibility to adjust leg and head support on one or more of the sofa seats.

Stressless® Emily offers a large choice of high-quality leather and fabrics, and the choice between three versions of the armrests: Emily Steel and Emily Wood have slim armrests with elegant details in steel or wood, while Emily Wide has distinct upholstered armrests with luxuriously large proportions.

Stressless Emily is a modular sofa system. Seat modules, with or without Power, corner, two sizes of LongSeats, centre modules or end modules can be combined to create the sofa of your dreams.

With a light pressure on the right side of the seat cushion, **Power™** adjusts both the footrest and the headrest. This combination provides superb support and comfort.

Stressless® Mary Wood
Paloma Shadow Blue/Black

It's time to indulge

Stressless® Mary is a truly sumptuous sofa with gentle curves and a generous look that will never go out of style. Its cushioning is extra supple and soft for added indulgence, and individual seat modules can be fitted with motors for effortless adjusting of the back and leg support. The functions are operated from an integrated panel, discretely concealed on the right side of your seat.

Seat modules with or without Power can be combined, and you can also add the spacious corner module to your setup. Seat modules with Power have motorised adjustment for ultimate individual comfort.

Choose between a classic upholstered armrest or an armrest with wooden details for an elegant touch. Stressless® Mary matches exquisitely with Stressless® Mayfair, one of our best-selling recliner models through the decades. With the same range of leathers, fabrics and colours available across our entire range of furniture, completing your look has never been easier.

Find the perfect match

Stressless® Fiona has a modern and clean design with neat proportions. Classic in its beautiful simple lines, the sloping back features a fine horizontally stitched detail for a truly unique look. Traditional upholstered arm, elegant wood details or a modern look with steel. The choice is yours!

To complete the seating area, we suggest you combine the sofas with a Stressless® recliner of your choice. The large selection of upholstery choices and finishes on wood or steel details will allow you to create a lounge to your specifications and interior design.

When you sit down in a sofa with **ComfortZones™** the back part of the cushion will give in more than the front part of the cushion. As a result of this, the seat cushion will angle slightly, giving you a comfortable angle of your legs while seated.

Because we care

We care about the world around us. Our wooden offcuts are regenerated into heating our factory and any surplus heat is used for district heating for homes and the local outdoor pool. Even our simple efforts such as using recycled materials for packaging and using leftover foam for armrests and footrests are all contributing to making a difference. Our more complicated closed loop system allows us to clean the steel without releasing toxins and our use of water-based paints and lacquers have the same benefit. It doesn't save the world – but it makes a difference. For us and the generations to come.

DINING

50 years of passion

The dining area is the heart of the home. A place to enjoy the company of friends and family. A place to chat, share and celebrate...to remember old and to make new memories. Stressless® dining chairs are expertly designed to work with your body, not against it. The flexible seat and back follow and respond to the movements of your body in a unique way, offering a variety of positions for total comfort. With Stressless® dining chairs you can while away the hours in complete comfort.

DINE IN COMFORT. Our dining chairs have a flexible seat and back, offering a variety of positions for increased comfort. This comfort enables you to maximize your quality time with friends and family.

50 years of

Intelligent design

The Innovators of Comfort™

With the best quality materials, environmentally friendly processes and an uncompromising focus on comfort, the robots within our factory and our skilled employees work in unison to create furniture that will live with you through a lifetime. When you take a seat you will truly appreciate the unparalleled comfort of a genuine Stressless®.

Whether you sit up or lie down, the **Plus™ System** provides optimal comfort and support for your head and lumbar region. The sleep function is controlled with a simple hand movement to make your comfortable moments even better.

With **BalanceAdapt™**, subtle rocking motions enhance the feeling of total balance. These movements usually make all the difference between a good seat and a fantastic one.

With a light pressure under the armrest, **Power™** adjusts both the footrest and the back angle. This combination provides superb support and comfort.

Power™ as featured on Stressless® Scott is easily operated by the remote control, the motorised functions offer truly outstanding comfort in all positions, small adjustments can make a big difference. Take comfort to the next level with optional extras including built-in heating and massage functions.

Optimal comfort is also about correct size. Most of our recliners therefore come in small, medium and large, for you to find your perfect fit.

Optimal comfort is also about unique design options. Our Star and Original base models comes in two different options, Adjustable and High back.

With a light pressure on the right side of the seat cushion, **Power™** adjusts both the footrest and the back angle. This combination provides superb support and comfort.

When you sit down in a sofa with **ComfortZones™** the back part of the cushion will give in more than the front part of the cushion. As a result of this, the seat cushion will angle slightly, giving you a comfortable angle of your legs while seated.

The unique **Stressless™ Dining** chair responds to your body's movements and automatically adjusts the seat and back position, without levers or handles. This comfort enables you to maximize your quality time with friends and family. Enjoy!

It's time to create

Your perfect Stressless® home is only complete when you have added your personal taste and your individual needs. After all, it is your home.

That's why our dining chairs, home office chairs, sofas and recliners come in a large range of leather, fabrics – and choices of armrests and bases. Visit your local retailer or explore our endless opportunities at Stressless.com.

View with the Stressless @home App

You can also download our Stressless @home App, personalise your favorite piece of our furniture, and actually place it in the living room, kitchen or office at home with the help of your phone or tablet. The app provides you with pictures of all our chairs and sofas and lets you choose your preferred materials, colours and bases. It doesn't get easier:

- Download the application from Apple Store or Google Play
- The app will automatically download all available Stressless® products at startup
- Choose model and style it at your preference
- Choose "view at home", and see your Stressless® chair in your home through the camera.

Signature/Cross elevator-kit

If you require additional height for your Stressless®, you can order an elevator kit if you have a Signature and Cross base. This is easy to attach and will increase the height of your chair by 3 cm.

Classic elevator ring

The Stressless® elevator ring adds an extra 3.5 cm to the seat height and is your key to comfort if you require extra height. Simply snap it on: no tools necessary. The Stressless® footstool elevator ring adds 3.5 cm to the height of the footstool. Fits all footstools produced after 1 March 2004.

Hard Floor Protector

Self-adhesive felt for use under the base to protect your floor. For the Classic base.

	W	H	D	SH*
M	76	117	94-181	51

Stressless® Double ottoman

W: 119-154 H: 44 D: 61

This large ottoman offers ample space to put your feet up, while the storage space conceals a tabletop that can be placed on the ottoman when needed.

Stressless® Modern ottoman

W: 60 H: 44 D: 60

W: 51 H: 44 D: 40

Stressless® Soft ottoman

W: 64 H: 44 D: 70

W: 53 H: 44 D: 49

Our Stressless® Modern and Stressless® Soft ottoman is ingenious in at least two ways. Firstly, it features a built-in tilt system, which ensures that the angle of the ottoman is adjusted to your sitting position. And secondly, it has room for all your extras under its removable top. Available in two sizes.

Stressless® Stella

W: 90/75 H: 44 D: 57

A sleek ottoman perfectly designed to match our Stella sofa. Complement with an optional table. Available in 2 sizes

Stressless® Urban (L)

W: 90 H: 48

The stylish glass table is designed to match Star base models. Select from chrome or matt black finishes.

Stressless® Urban (S)

W: 55 H: 48

Stressless® Enigma

W: 90 H: 44

A stylish glass table with base in chrome.

Stressless® Style table

W: 137 H: 47 D: 60

Sofa table and side table, available in several colour combinations. The slight difference in height means that the tables can be easily combined in different ways, either standing apart or close together. The tabletop is made from MDF with a melamine surface and is available in White, Black and Cream. The wooden legs are available in Black, Natural and Brown.

Stressless® Style table

W: 55 H: 52

Stressless® Windsor table

W: 132 H: 48 D: 70

Made from beech. Available in Natural or stained in the following colours: Oak, Walnut, Teak, Brown, Wenge, Grey, Whitewash and Black.

Stressless® USB table A

W: 52 H: 50-73 D: 42

A versatile table with a USB port, this fits all Stressless® chairs perfectly. Available in various combinations of glass or wood, with a black or chrome stem (adjustable).

Stressless® USB table B

W: 51 H: 50-73 D: 55

Stressless® Ellipse table

W: 49 H: 48-71 D: 38

This flexible, easy-to-move table is ideal, since it keeps everything you need within easy reach while you are in your "comfort zone" (adjustable).

Stressless® Corner table

W: 69 H: 48 D: 60

This practical table is perfect for placing between a pair of Stressless® recliners. Also ideal for any corner setup or home cinema arrangement.

Stressless® Easy Armrest table

W: 25 H: 10 D: 23

This smart table has been designed for the Stressless® Arion, Stressless® Wave and Stressless® Emma 200. Simply place the table on the armrest to provide a convenient extra surface.

Stressless® Computer table

W: 41 D: 31

This table provides a good working position and remains independent of your movements. Simply swing it to the side and fold it down when not in use. Can only be fitted to Classic/Classic Power base recliners.

Stressless® Swing table

W: 28

This table remains independent of your movements and can be simply swung aside when not in use. Can only be fitted to Classic/Classic Power base recliners.

Stressless® Home Cinema

You move more than 300 times during the length of a movie. This might sound exhausting, but don't despair – Stressless® seating is designed to adjust to your every movement. The spacious, soft seats of your Stressless® Home Cinema seating, combined with a Stressless® ottoman, ensure an optimal movie experience.

Regardless of how much space you have available for your home cinema setup, our ingenious flexible modular designs ensure that there's always space for a Stressless®.

Find out more about the many options available at stressless.com

The Stressless® Sector (SC) / Sector Arm (SCA) is upholstered in the same way as the sofa and conceals a storage space beneath the top. The Sector / Sector Arm also functions as an armrest, which is why setups with Sector/ Sector Arm tables should be treated as a single, fixed unit.

Stressless® base colours

Ekornes uses rotary cut beech veneer in all its moulded furniture components. Lightly steamed beech is used for solid wood components. The hardness of the wood makes beech furniture extremely durable, and the timber we use is a renewable resource. Beech is a natural material and variations in its pattern, colour and texture make each piece of furniture unique. Although beech is used for both solid and moulded components, structural differences may be visible.

Stressless® Leather and Fabric Care kits

Ekornes offers its own leather and fabric (including microfibre) care kits to match the high quality of our furniture.

The Stressless® Leather Care kit (medium/large) contains a leather cleaner and protection cream. Stressless® Leather Care Wipes are also available. For the leather quality Pioneer there are our own cleaning and care products: Stressless® Cleaning & Revitalizing Pioneer Leather Kit.

For maintenance, and to make the leather more resistant to stains, the protective cream should be applied to all your recliner's leather surfaces when new. We recommend that you clean the leather with Stressless® leather cleaner at least once every six months to keep your leather looking its best, removing stains regularly and ensuring long leather life. Always apply the protective cream after cleaning.

The Stressless® Fabric Care kit contains a fabric cleaner, a stain remover and an Ox cleaner. This kit contains everything you need to clean your furniture in minutes without removing the fabric cover. For resistant stains, use the fabric cleaner together with the stain remover and Ox cleaner.

These are the only cleaning products recommended by Stressless®. Stressless® accepts no responsibility if cleaning products other than those recommended by Ekornes are used and cause damage to the leather.

Stressless® Lime

L: 195 H: 90 D: 84 SH*: 54

Stressless® Bordeaux Round centre table

All great choices, naturally

Being one of the world's largest premium furniture manufacturers comes with responsibility. All our leather is manufactured in keeping with current laws and guidelines for animal welfare, health, safety and the environment. Here, we work alongside recognised international institutions to ensure that we are always up-to-date.

Our inspectors also take part in the leather selection process from our chosen tanneries. We maintain the highest of standards here, so that you always make a great choice – regardless of texture, softness, colour and how you want the leather to look and feel. Today and tomorrow. For this, we offer many types of leather – from the most exclusive and delicate to the more robust quality.

NOBLESSE is the most exclusive leather quality offered by Ekornes. It is a full grain semi-aniline, which means that it is dyed all the way through and has only a thin protective topcoat. This allows the leather to keep the natural softness and lustre that characterises a first-class furniture leather. A natural material like Noblesse retains its original grain and structure. Minor colour nuances and skin blemishes may also occur. Such individual details could lead to slight variations in different parts of the furniture cover. Although the topcoat provides a measure of protection, Noblesse is the most delicate of the leather qualities that Ekornes uses. It absorbs moisture easily, and is more vulnerable to wear and tear, heat, sunlight, spills and perspiration. Regular maintenance is important to keep its attractive appearance.

PIONEER is a luxurious full grain aniline pull-up leather. This exclusive and delicate quality retains the full original grain of the leather, and is treated with oils, waxes and transparent dyes. This enhances the soft touch and natural appeal, offering deep, vibrant colours and a beautiful luster. The full-bodied leather sensation and natural transparent look will gain patina and become even more beautiful with age. On an exclusive leather like Pioneer you will find natural characteristics like colour nuances, difference in structure, marks and skin blemishes. The delicate finish gives an exceptional comfort and a striking look, but offers just a light protection. Pioneer absorbs moisture easily and is vulnerable to heat, sunlight, spills and perspiration. Regular care and precautions are important to keep the luxurious and elegant appearance.

PALOMA is a slightly corrected leather with a combination of dyes and pigments that smooths down some of the structure (the grain pattern) of the leather. The grain structure in Paloma may however vary a little at some parts of the furniture and also minor colour nuances may appear in the leather. Natural marks, scars and insect bites are natural and will appear in Paloma. A thin coat of lacquer gives Paloma some protection and simplifies cleaning, but Paloma does not have the same heavy duty quality and protection as Batick and Cori. Due to its soft, natural and comfortable expression, Paloma is a very popular choice.

CORI is a corrected, pigment improved and grain embossed upholstery leather. Cori has a substantial body and a distinct pebbled grain. Most of its natural marks are removed. Cori has a tip-shine which adds depth and character to the surface. Some colours have two-tone/ tone on tone-effect. A protective layer of lacquer simplifies cleaning. Cori is a wise choice if you want leather with excellent utilisation properties, a robust structure and an exclusive look.

BATICK is a corrected, pigment improved and grain embossed upholstery leather, which has had most of its natural marks removed. Batick may have a two-tone colour effect to liven up the surface. Batick is resistant to fading, although changes in colour will occur over time due to use and exposure to light. A protective layer of lacquer simplifies cleaning. Simple cleaning, excellent utilisation properties and a favourable price make Batick a good choice.

Sustainable future fabrics

At Stressless® we are proud caretakers of the beautiful scenery that surrounds the factory in Norway. We wholeheartedly believe the best choice you can make is to furnish your home with high quality furniture that will last a lifetime. In addition to this, we are delighted to offer products that are made with extra focus on the environment and sustainability – both in our choice of materials and in our production.

The Stressless® fabric collection is inspired by nature – offering you the possibility of creating a calm breathing space in the comfort of your own home. We have a large selection of qualities and colours to choose from.

Our specially selected fabric collection meets the furniture industry's strictest requirements. Stressless® fabrics are produced in accordance with strict environmental conditions and are treated for heavy-duty use, light tolerance and inflammability. Please note that colour changes will occur over time as a result of use and the effects of exposure to light. You should always protect your furniture from direct sunlight. To prolong the life and appearance of your recliner or sofa, the fabric upholstery should be regularly vacuumed, professionally dry-cleaned or cleaned with our approved Stressless® Fabric Care kit.

BEGONIA is a velour with a medium length pile. The soft, silky texture provides a fine sheen and an attractive interplay of colours. Begonia is hardwearing, comfortable to sit on and easy to keep clean. It is available in a varied and exclusive colour palette. 100% polyester.

CALIDO is a wool felt fabric with an exclusive appearance, which feels comfortable and soft next-to-the skin. It is available in a varied and exclusive colour palette. 80% wool, 20% polyamide.

CLOVER is a classic wool fabric with a modern design and a beautiful calm colour palette. The smooth, soft surface is enhanced by the subdued colours with a melange effect, creating a fabric with distinct character. It is manufactured at a renowned Norwegian weaving mill with long traditions. 70% wool with 30% viscose.

SILVA / SILVA MOON is a pure and timeless wool fabric that feels comfortable next-to-the skin. It is available in a muted and classic colour palette. Silva: 76% wool, 13% viscose, 6% polyamide, 5% linen. Silva Moon: 61% wool, 21% viscose, 9% polyamide, 9% linen.

YOREDALE is a British wool fabric with a modern range of colours. The fabric has a highly textured bouclé style yarn and a soft playful touch. It is available in a varied and exclusive colour palette. 95% , 3% Polyester, 2% Polyamide.
